

# The Old Canada Linseed Oil Mill

40 Wabash Avenue, Toronto, ON

**Steps:** Select a site, determine relevant international and local crops, growth method and medium, secure funding and partnership, engage with the community & supportive legal documents

**Advantages:** Improve food security through more available and cheaper food, higher nutrition retention & lower CO2 emissions via cutting transportation costs

**Limitations:** Dependency on technology, limited to vegetation and crops, intensive labour costs & zoning by-law constraint
