Guiding Principles

Improve Access to Green Spaces

Change the Perception of Oshawa

Encourage Stewardship & Pride in Nature

Sustainable Development Goals

11.7: “provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities.”

By prioritizing goal 11.7, we can expect indirect positive impacts on other SDGs

- » Access to nature improves health and wellbeing at many levels
- » When people value their green spaces, they're more likely to care for them
